## EDUCATION

---

**GL Bajaj Institute of Technology and Management**

Expected 2026

B.Tech in Information Technology

CGPA: 7.5 (Till 4th Semester)

Relevant Coursework: Object-Oriented Programming, Databases, Discrete Maths, Data Structures and Algorithms, Operating Systems, Web Development, Theory of Automata

## SKILLS

---

<b>Languages:</b>	C, Java, Python, JavaScript, SQL
<b>Technologies &amp; Tools:</b>	MySQL, Git, HTML, CSS
<b>IDEs:</b>	NetBeans, VS Code, MySQL Workbench

## PROJECTS

---

### Hospital Management System (Java Backend)

- About to build a hospital management system using **Java (NetBeans)** as the backend and **MySQL** for database management.
- Will develop features for **patient management**, **staff management**, **appointment scheduling**, and **medical records management**.
- Plan to integrate **user authentication** and **role-based access control** for secure operations within the hospital system.

### To-Do List (Java Backend with MySQL and Swing)

- Developed a **to-do list application** using **Java**, **Swing** for the user interface, and **MySQL** for database management.
- Implemented **task management features**, including **add**, **update**, and **delete functionalities**.
- Aim to ensure a smooth and responsive user interface using **Swing**, with robust backend logic using **MySQL** for data persistence.

### Weather Forecast Application (Java Backend, Java Servlet, JavaScript)

- About to develop a **weather forecast application** using **Java Servlet** as the backend and **JavaScript** for front-end interactions.
- Will integrate a third-party **API** to fetch real-time weather data and provide accurate forecasts.
- Plan to implement features such as **current weather display**, **forecast for upcoming days**, and **searching by city or location**.

## COMPETITIVE PROGRAMMING PROFILES

---

- [LeetCode](#) – 1444 Max Rating, 400+ Problems
- [Codeforces](#) – 400 Max Rating
- [CodeChef](#) – 1185 Max Rating

## POSITION OF RESPONSIBILITY

---

- **Member, Design and Media Team, CodeSpace Club, IT Department** – Contributed to various **events** by designing **posters**, **banners**, and other media assets. Collaborated with the team to create engaging visual content for club activities, enhancing event promotion and overall branding.
